

Mission Committee Minutes

6/2/11

5:30 PM

Members in attendance: Ed Kemp, Phyllis Mudd, Barbara Schreiber, David and Debbie Robertson

Ed asked Claire if April had met with someone about the basketball day. Claire said that April was sick and that she was suppose to meet with this person, but the person did not show.

Ed did not meet with anyone on the basketball day as his attempts at meeting with the necessary people did not work out for various reasons. At this time, other than the concessions, there has been no basketball day planned. Ed will meet with the man using our gym for basketball. He may be able to give Ed some help on planning this day. April has Coke set up.

The mayor gave the proclamation for March 14th (*No More Malaria Day*) to Ed, telling him that he could use it whenever he was ready.

\$1200. 00 was collected in the Breadbasket Offering for *No More Malaria*. The Methodist Men also volunteered to donated the money made on their meat sale. David did not know what that amount was.

Ed felt that the committee needs to write thank you notes to anyone giving to this cause, especially the congregation. It was not decided who would write them

Going back to the *No More Malaria* conversation, Ed suggested that it should be run by someone who knows about sports, a younger man. Silas Wilson has a sample of a flyer that we could model our flyer after. The event should not cost us much, maybe a little (\$20.00 or so) for food to sell. We will just need a lot of help.

Ed described the event to Barbara. It will be a three on three basketball event for all grades held on the outdoor basketball courts by the tennis courts on July 2. Food will be sold.

Barbara Schreiber asked if we were still going to get names from the nursing home and similar to send cards, etc., too. Ed said that we were still interested. He was suppose to get the names from the nursing home and Barbara was suppose to get the names from the Beehive and the new Willow Manor (has new name). They will both go ahead and do this. There could be a problem with privacy, causing names not be given out.

The meeting adjourned.
